4. Stump removal activities will begin next week.
5. Coordinated a lot of activities related to the construction on Navajo and Seneca. Updates have been added to the Village website - in general, grading activities are continuing on Navajo, paving preparations are ongoing on Seneca, and the Lake Drive water service laterals will begin to be installed next week.
6. The water main is installed between Merrie and Beach and restoration activities will begin Friday.

**POLICE DEPARTMENT**

1. On September 29, 2017 at 12:37am, an officer completed a traffic stop in the 7900 block of North Port Washington Road for a license violation. The officer spoke to the driver who identified themselves with an out-of-country drivers license. The officer utilized a portable fingerprint reader to positively identify the subject, which showed two outstanding arrest warrants from Racine County. The driver was arrested for the warrants and booked at the station. The driver was released after satisfying the warrants for Racine County.
2. On September 29, 2017 at 8:57pm, officers responded to Best Buy, 8755 North Port Washington Road, for a report of retail theft. The officers met with store security personnel who advised that they observed a subject conceal merchandise in their clothing before entering the restroom. The security personnel checked the restroom and found the damaged packaging for the merchandise. The officers confronted the subject who admitted to concealing the merchandise. The subject was arrested for retail theft and will have an appearance in the municipal court.
3. On September 30, 2017 at 1:22am, an officer conducted a traffic stop in the 7100 block of North Lake Drive for a speed violation. During the course of the traffic stop, the officer determined that the driver may be under the influence of alcohol. The driver participated in field sobriety tests and was subsequently arrested for operating while intoxicated – first offense. The driver will appear in municipal court for the violation.
4. On October 4, 2017 at 11:35am, officers responded to the 100 block of East Spooner Road for a disturbance call. The officers met with two subjects who were trespassing at a residence. The officers advised the subjects of the trespassing violation and assisted them in locating another place to stay. The subjects declined assistance and left the area after being notified that they are subject to arrest if they return. Officers responded to an additional call in the 300 block of Bergen Road for the same subjects yelling at one another and creating a disturbance.
5. On October 4, 2017 at 12:01am, Fox Point officers responded to the area of Calumet Road and Port Washington Road to assist Milwaukee Police with a pursuit entering our jurisdiction. The pursuit left the jurisdiction at Port Washington Road and Brown Deer Road before officers could deploy stop-sticks. The subjects in the pursuit were ultimately arrested by MPD in the City of Milwaukee.
6. On September 28, 2017 at 12:44pm, officers responded to the intersection of North Santa Monica Boulevard and East Bradley Road for an injury accident. Officers investigated the accident between a car and a moped which resulted in one person being treated by EMS. One driver was cited for failure to yield right of way.

**NORTH SHORE HEALTH DEPARTMENT****Did You Know?**

October 1-7 is Mental Illness Awareness Week (MIAW). Each year, millions of Americans face the reality of living with a mental health condition. However, mental illness

affects *everyone* directly or indirectly through family, friends or coworkers. One in five adults experiences a mental illness in any given year. Those problems can contribute to onset of more serious long-term conditions such as major depression, bipolar disorder or schizophrenia. Approximately one-half of chronic mental illness begins by the age of 14. Unfortunately, long delays—sometimes decades—often occur between the time symptoms first appear and when people get help. Despite mental illnesses' reach and prevalence, stigma and misunderstanding are also, unfortunately, widespread.

Since 1990, when Congress officially established the first full week of October as MIAW, advocates have worked together to sponsor activities, large or small, to educate the public about mental illness. This year the National Alliance on Mental Illness (NAMI) is promoting the theme "**Into Mental Health: Inspired, Informed, Involved**" during **MIAW**. The campaign focuses on the power of starting inspiring conversations, getting informed to know the right thing to say and encouraging people to proudly proclaim that they are **#IntoMentalHealth!**

One way to get involved locally is to join REDgen this Thursday at Dominican High School for a screening of the documentary "Angst: Breaking the Stigma Around Anxiety." See more details and RSVP at: <https://www.eventbrite.com/e/redgen-angst-documentary-screening-tickets-37147436984>

### Last week at the health department

The Health Department had their biennial site visit from the State for review of the Vaccines for Children (VFC) program. This visit determines the health department's compliance with the state and federal regulations for the VFC program and makes recommendations for changes if needed. We were found to be in full compliance with all requirements for this very important program, and the reviewer had no recommendations for changes in our program policies and procedures. This program helps us insure that all children, regardless of insurance status, are fully immunized.

The North Shore Health Department partnered with North Shore Fire Rescue to provide two group presentations of the **Remembering When** program for older adults. These presentations are a fun way to open conversations about fall and fire risk for older adults and talk about ways to protect yourself from these types of injuries. **Remembering When** can be scheduled for any

group of older adults in the North Shore by contacting the North Shore Health Department or North Shore Fire Rescue Community Relations officer.

A public health nurse attended a lead refresher training provided by the State Health Department. This training insured that she is now re-certified as a lead risk assessor for another two years. Lead risk assessors conduct lead investigation activities, including local inspections, and providing guidance for clean-up activities.
