

## VILLAGE OF FOX POINT

MILWAUKEE COUNTY

WISCONSIN

VILLAGE HALL

7200 N. SANTA MONICA BLVD.

FOX POINT WI 53217-3505

414-351-8900

FAX 414-351-8909

**To:** The Honorable Members of the Fox Point Village Board

**From:** Scott A. Botcher, Village Manager

**Date:** July 26, 2019

**Re:** **Administrative Report for the Week Ending July 26, 2019**

### ADMINISTRATION

1. Fox Point Pool Survey began this week. Each household should have received a door hanger explaining the process. If you did not receive a door hanger and would like to participate in the survey, please contact Fox Point Village Hall.
2. Staff prepared and delivered Board of Review agenda meeting packet for Wednesday, July 31, 2019, beginning at 5:30 p.m.
3. Election Day Emergency Response Plan was revised and reviewed for 2020 by staff.
4. GCS Fox Point tax software parcels were updated by staff in coordination with the Milwaukee County Treasurer's office for the 2020 tax year.
5. Movie Float Night at the Fox Point Pool is tonight (July 26) and will feature How to Train Your Dragon: The Hidden World. \$5/person, \$15/family. Doors open at 8:15pm. (Please Note this is the rain date for the June 21st Movie Float Night)
- 6.

### DEPARTMENT OF PUBLIC WORKS

1. DPW staff responded to an oak tree that fell across power lines this past weekend in the Indian Creek woods. They also responded to a sewer backup on Calumet. On Monday, staff worked with the property owners to resolve the matter.
2. Water utility staff responded to a water main leak on Lake Drive and another on Bell, north of Calumet, early (3 am) Wednesday morning.
3. DPW and Water Utility staff responded to a number of low/no pressure and dirty water complaints on Tuesday. After investigating the possible problem and speaking with North Shore, we suspect that the root cause resulted from two things: a cap on the newly installed water main along Calumet blew off at about the same time Whitefish Bay was performing (in the treatment plant operator's words) a "very aggressive" hydrant flushing program. We theorize that the water main break on Wednesday morning may have been a result of the impacts to the system on Tuesday.
4. In the shop:

- a. The new backhoe/loader has been delivered but it was not built completely per spec. The vendor has not been paid yet and we are working with the vendor to resolve the matter.
  - b. The batteries in the lift stations were replaced.
  - c. A hydraulic leak formed in Packer #6 which was repaired under warranty.
  - d. Staff is getting quotes for replacing seven doors and frames in the DPW shop and budget numbers for 2020 to paint the guardrails as well as a new tire changing tool.
5. Within DPW:
- a. 100 yards of playground wood chips were delivered and spread in the playground areas.
  - b. Performed shoulder activities at various areas in the Village.
  - c. Rebuilt the catch basin at Portage and Lake.
  - d. Responded to the basement backups.
6. Staff interviewed three candidates for the DPW/Water Utility laborer position and has three more interviews set up for next week.
7. Proposals were received for the 2020 road and utility reconstruction project. Staff will review the proposals and make a recommendation at the August Village Board meeting.
8. Staff is working with consultants on a proposal to evaluate the condition of our 12-inch and larger water mains. The rationale is that the cost to evaluate the mains and determine potential failure spots is far less expensive than replacing the entire main.

### POLICE DEPARTMENT

1. On Sunday 07/21/2019 at 4:12 AM, a woman was found sleeping in her vehicle which was stopped blocking the driveway of a residence on North Crossway Road. It was determined that she had a valid warrant issued by the Greendale Municipal Court and she was arrested and released after signing a Personal Recognizance Bond.
2. On Sunday 07/21/2019 at 9:24 PM, Officers assisted Bayside Police Department in searching for, and arresting a juvenile whom was breaking into vehicles in their Village.
3. On Monday 07/22/2019, at 10:00 AM, a panel of police personnel interviewed a potential candidate for the vacant police officer position. Afterwards, a preliminary background check was begun.
4. On Tuesday 07/23/2019, at 4:17 PM, North Shore Bank reported a subject entered the bank attempting to pass a fraudulent check. Suspect was located and subsequently taken into custody. Suspect is involved in multiple check fraud cases in the Milwaukee area.
5. On Thursday 07/25/2019 at 6:50 PM, Officers took custody of a person whom the Bayside Police Department had stopped and had a Fox Point municipal warrant. The subject was transported back to the station, booked and given a Personal Recognizant bond, which they signed and was released.
6. On Friday 07/26/2019 at 12:23 AM, Officers observed a LIME scooter abandoned on the side of Lake Drive in the grassy area. The immediate area was checked with mutual aid squads for criminal activity with negative results. The LIME scooter was placed into property and the owners were called to retrieve it.

## NORTH SHORE HEALTH DEPARTMENT

### Did you know?

July 28<sup>th</sup> is world Hepatitis Day. Worldwide, 300 million people are unknowingly living with viral hepatitis. On World Hepatitis Day we call on people to take action and raise awareness to find these “missing millions”.

Hepatitis can be acute (short-term) or chronic (long-term), which can lead to liver failure, cirrhosis, or liver cancer if left untreated. Common symptoms include fever, fatigue, nausea, vomiting, dark urine, joint pain, light-colored stools, and jaundice. Symptoms can appear 2 weeks to 6 months after an acute infection or decades later with chronic infections. However, many people with hepatitis never experience symptoms, leaving many people undiagnosed. Currently, about 66% of people with Hepatitis B and 50% of people with Hepatitis C are unaware of their infection. As of 2017, an estimated 90,000 people were living with Hepatitis C in Wisconsin, with less than half having been identified and reported.

### **How is it spread?**

*Hepatitis A:* Contact with objects, food, or drinks contaminated by feces or stool from an infected person

*Hepatitis B:* Contact with blood, semen, or certain other body fluids from an infected person (i.e. unprotected sex, sharing dirty needles, sharing personal hygiene products)

*Hepatitis C:* Contact with blood from an infected person (i.e. sharing dirty needles/syringes)

### **Prevention**

- Vaccinations are available to protect against Hepatitis A and B. However, there is currently no vaccine available for Hepatitis C.
- Wash your hands after going to the bathroom and before fixing food or eating.
- Use latex condoms for intercourse, which may lower the risk of sexual transmission.
- Avoid tap water when traveling to certain countries or regions. Ask your doctor about risks before you travel.
- Don't share drug needles.
- Don't share personal items—such as toothbrushes, razors and nail clippers—with an infected person.

### **Who should be tested?**

*Hepatitis A:* No routine recommendations

*Hepatitis B:* Current injection drug users, men who have sex with men, pregnant women and infants born to infected mothers, people on immunosuppressive therapy, people with end-stage renal disease

*Hepatitis C:* Adults born between 1945 – 1965, current or former injection drug users, , long-term hemodialysis patients, infants born to infected mothers

### **What is the North Shore Health Department working on?**

On July 15<sup>th</sup>, the Shorewood Village Board adopted an ordinance introduced by the North Shore Health Department that prohibits e-cigarettes or vaping in all indoor places where cigarette smoking is currently prohibited by State law. This is the first municipal ordinance in the North Shore to prohibit use of e-cigarettes or vaping inside public buildings, following communities like the City of Milwaukee, Greenfield, Cudahy, Oak Creek, and others who have passed similar ordinances. Thanks to the Village of Shorewood for leading the way. We look forward to other North Shore communities adopting similar ordinances.

**Upcoming Immunization Clinics (appointment required)** - Please call the North Shore Health Department for an appointment at 414-371-2980.

NO NS LIBRARY CLINIC IN JULY

Thursday, August 8, 3-4:30 p.m., Shorewood office

Tuesday, August 13, 10-11:00 a.m., Brown Deer office

Tuesday, August 20, 7:30-9:00 a.m., Shorewood office
