

FOX POINT WEEKLY UPDATE (5/11/20 to 5/15/20)

Barnett, View, and Acacia Update:

- On May 11 – The contractor, Wood Sewer & Excavating, continued water main installation on Acacia and installed water services on Barnett
- On May 12 – Wood finished the water main on Acacia and continued on Barnett water services
- On May 13 – Wood continued water service installation on Barnett. A crew also performed a live connection at Lake and View and tied the new water main in just east of the intersection.
- On May 14 – Wood continued on water services on Barnett and View and cleaned the site for the weekend. A safe sample for the water main on Acacia was also taken.
- Wood was not on-site Friday, May 15. They do not plan on working most Fridays.

A Look Forward: Week of May 18th

- Wood will continue water services on Barnett and View
- If the Acacia water main sample passes, the crew will pressure test and then will likely tie the segment into the existing main. One water valve will be replaced on Acacia near Lake Drive as well
