

FOX POINT WEEKLY UPDATE (5/18/20 to 5/22/20)

Barnett, View, and Acacia Update:

- On May 18 – The contractor, Wood Sewer & Excavating, was not on site due to the heavy rain
- On May 19 – Wood completed four Barnett water service replacements
- On May 20 – Wood continued water service installation on Barnett. A crew also performed a tie in to the existing main on Acacia near Lake Dr. and a tie in at Green Tree and Barnett. The crew encountered a leak on the existing main on Green Tree. They worked after hours to repair the leak.
- On May 21 – Wood continued on water services on Barnett and Acacia. The water services on the north side of Acacia were installed by directional drilling so trenches across the median area did not have to be dug
- On May 22 – Wood worked on water services on Acacia and Barnett and cleaned the site for the weekend

A Look Forward: Week of May 25th

- Wood will not be on-site Monday for Memorial Day
- Wood will continue water services on Barnett Ln. next week and may start storm pipe installation near Lake And Barnett, working north
- On Acacia, the new water main will be tied into the existing and a valve will be replaced. This work will take place on Tuesday
