

VILLAGE OF FOX POINT

MILWAUKEE COUNTY

WISCONSIN

VILLAGE HALL

7200 N. SANTA MONICA BLVD.

FOX POINT WI 53217-3505

414-351-8900

FAX 414-351-8909

To: The Honorable Members of the Fox Point Village Board
From: Scott A. Botcher, Village Manager
Date: October 22, 2021
Re: Administrative Report for the Week Ending October 22, 2021

ADMINISTRATION

1. Village Manager represented the Village at the quarterly MADACC meeting.
2. Village Manager attended the DOT 30% I-43 Plan Review meeting.
3. Staff facilitated the FY 2022 Budget workshop with Village Board.
4. Staff met with Confluence Graphics about potential water bill changes.
5. Assistant Manager continued implementing MFA to Staff office accounts.
6. Ice Rink Manager for 2021-22 winter season was hired.

DEPARTMENT OF PUBLIC WORKS

1. Staff attended the Lake Drive public information meeting on Tuesday night. Two sessions were held – one at 6:00 and one at 7:30 pm and there were approximately 40 people in attendance for both sessions (in person and virtual). The purpose of the meeting was to explain the proposed bike lanes and crosswalks, costs associated with each, and request input from the public on whether they would like to have these incorporated into the project. Our consultant has requested that residents and other interested parties comment on the proposal over the course of the next 30 days. Comment forms are located on the Village website (<https://www.villageoffoxpoint.com/DocumentCenter/View/4962/4-Lake-Drive-Handout-and-Comment-Form?bidId=>) and can be e-mailed to our consultants or to Scott Brandmeier.
2. Staff received proposals for the 2022 road and utility project. While the budget has yet to be approved for construction, budget is allocated on an annual basis to begin design in advance of the subsequent year so that we are able to bid the project earlier in the year.
3. The head mechanic received word that our five new garbage scooters will be delivered in the next couple of weeks. Unfortunately, the same cannot be said for our replacement for Truck 4 which was supposed to be delivered this fall but may not be delivered until next spring. Our mechanic will work to submit the specs for the 2022 equipment purchases to prospective bidders early next year so that can place our orders in February.
4. The mechanics continue with PM's and other equipment maintenance activities.

5. DPW staff are busy with leaf collection activities, mowing, and other regular tasks and responsibilities.
6. The Forester continues to solicit many calls about dead and dying ash.
7. Asplundh, We Energies' contractor, is performing line clearing and are focusing their efforts on the areas north of Bradley Road.
8. Water utility staff has been busy with locates, went with the head mechanic to inspect the soon to be delivered water utility truck, responded to a possible water leak on Wye Lane (we suspect it is groundwater), and worked with DPW staff to patch on area of Lake Drive damaged from an earlier water main break.
9. Staff provided property information to residents on a private road on Barnett and met with a couple of the residents on Friday – all related to the snowplowing agreement. The deadline for returning the agreements and fee is October 31 and, if the current situation holds, the Village will not be plowing any of the private roads.

POLICE DEPARTMENT

1. Officers responded to CVS Pharmacy for a report of retail theft. Officers were advised that a short time prior to calling, a subject came into the store and removed items without payment. The subject fled the area prior to officers' arrival. The investigation remains open as the officer reviews surveillance video for a possible suspect identity.
2. Officers responded to a possible entry to the home after the homeowner found the front door open and items disturbed in the house. The homeowner did not report anything missing and indicates that the door does not close securely. The officer continues to investigate by checking neighborhood cameras and interviewing witnesses.
3. Officers responded to Best Buy for a suspicious person in the store. The store security personnel identified a person in the store who was arrested previously at another store for retail theft. Upon the officers' arrival, the subject had concealed merchandise and was arrested for the theft. The subject resisted the officers' efforts to affect the arrest and was eventually secured in the squad car. The subject was interviewed at the station and, after processing, the person was transported to the Milwaukee County Mental Health for admission and treatment.
4. Officers responded to assist Glendale police after they received a report of a male subject walking along the road making hand gestures similar to a gun in the hand at passing cars. Glendale officers arrived and secured the subject without intervention from Fox Point officers.
5. Officers responded to a CBRF in the village after staff reported being threatened by an aggressive intoxicated resident. Officers de-escalated the situation and developed a solution to the problem before any criminal activity occurred. Officers met with staff and facility management to develop a long-term plan for ongoing issues.
6. Officers provided assistance to Bayside police engaged in a traffic stop that resulted in the arrest of the driver for outstanding arrest warrants and carrying a concealed weapon.
7. Officers responded at the request of a resident to take their adult child into custody for a mental health commitment. The resident wanted the adult child removed from the home;

however, no legal means existed for the officers to engage the adult child. The resident declined to pursue the matter further.

8. Officers responded to assist River Hills police when an adult child appeared at a residence and was attempting to break into the home. The subject was removed from the property by River Hills police.
9. Chief Freedy met with Milwaukee County public safety partners to discuss response plans for critical incidents and active shooter events.

NORTH SHORE HEALTH DEPARTMENT

IF YOU HAVEN'T ALREADY, GET YOUR FLU SHOT:

Flu vaccination is the best defense against infection. The CDC recommends annual flu vaccinations for all persons aged 6 months and older. Call the North Shore Health Department at 414-371-2980 to schedule a flu shot at one of our October or November clinics. Please see the attached schedule for this year's flu clinics at our Brown Deer and Shorewood locations.

We have \$10 flu shots available for those 18 and under through November 15th while supplies last! Call 414-371-2980 to schedule an appointment.

Other locations providing flu shots and/or COVID-19 boosters:

- Menomonee Valley Testing Site now has flu shots and COVID-19 boosters: city.milwaukee.gov/CovidVax
- North Shore Pharmacy: northshorepharmacy.org
- Walgreens: walgreens.com/topic/pharmacy/seasonal-flu
- CVS: cvs.com/immunizations/flu
- Pick 'n Save: picknsave.com/d/flu
- Walmart: walmart.com/cp/flu-shots-immunizations
